I am your bride (Installation Zitrone 2006)

I am your bride – I want you – I want you now
I am your bride – I want you – I want you now

won't you flog my goods
won't you smash my amp
won't you dis my crowd
won't you break my bones like a bullet blows a pumpkin

I am your bride – I want you – I want you now
I am your bride – I want you – I want you now

won't you flog my goods
won't you smash my amp
won't you dis my crowd
won't you break my bones like a bullet blows a pumpkin

as I said....
as I said...

I want to be your filthy bride
no time to cry, this Saturday will change your mind
got that?

I am your bride – I want you – I want you now
I am your bride – I want you – I want you now
